2. [] of FE telephoned to advise that the meeting between Senator Aiken and [] had occurred and that it went quite well. [] also advised, as a matter of information, that the Secretary of State and Mr. Merchant are aware that the Agency made arrangements for [] to see both Senators Gore and Aiken and apparently seemed pleased. [] also raised the question of arranging a meeting for [] with Senator Morse. After discussion, it was agreed that [] would talk to Mr. Earnest Gross with a view that any approach to Senator Morse would not bring the Agency into the picture.
